GED: General Education; Courses designed to provide a broad educational foundation beyond the student's core discipline, constituting at least 25% of the total graduating credits. GED courses promote holistic graduate development across the BNQF learning outcome domains.

GPA: Grade Point Average; the average of Grade Points earned in a single semester, calculated as: $GPA = \frac{\sum(GP \times Cr)}{\sum Cr}$ for that semester.

Notional Hours: The total estimated learning hours, including contact hours and self-directed study, required to achieve the learning outcomes of a credit. Under BNQF, 1 credit = 40 notional hours.

OBE: Outcome-Based Education; an educational approach focusing on clearly articulated learning outcomes that students are expected to demonstrate upon completion of a course or programme.

PEO: Programme Educational Objective; broad statements describing the career and professional accomplishments expected of graduates within a few years of graduation. PEOs are aligned with University's vision, mission, and objectives, and reviewed during each curriculum update cycle.

PLO: Programme Learning Outcome; a statement describing what a graduate of the programme is expected to know, understand, or be able to do at the point of graduation. PLOs are aligned with BNQF domains and level descriptors, and mapped to CLOs to ensure cumulative attainment of graduate attributes

POE: Programme Offering Entity; the Department or Institute authorized to offer and manage a specific academic programme.

Probation: The academic status assigned to a student whose CGPA falls below the minimum required threshold, subject to conditions for continued enrollment.

Programme: The complete course of study leading to the award of a degree, diploma, or certificate.

PS: Point Secured; The product of the Grade Point and the Credit value for a course ($PS = GP \times Cr$).

PSAC: Programme Self-Assessment Committee; the committee constituted within each POE responsible for annual internal audits of programme performance and outcome attainment, preparing the Annual Programme Review (APR) report, and coordinating with the IQAC for institutional accreditation.

Rubric: A scoring guide consisting of defined criteria and performance levels used for evaluating student work in a transparent and consistent manner.

Semester: An academic year is divided into two semesters– the first runs from April to September, and the second from October to March.
